A Letter To Our Friends...

Kagin's just concluded its 323rd successful public auction and mail bid sale, the Numismatic Association of Southern California Auction, held January 30-31, 1981 at the Ambassador Hotel in Los Angeles.

A strong collection of primarily U.S. coinage and currency from sixty-three consignors brought considerable attention, especially from keenly interested floor bidders who captured more than half of the 1319 lots offered. As usual, quality will out, and the most spirited bidding was concentrated on the truly superior material: Lot 707, an 1877 BU Proof Set, realized \$16,000. Lot 708, an 1895 BU Proof Set, achieved a winning bid of \$22,000. Lot 842, an MS-63 PL 1883 \$3 gold piece, brought \$10,000. A 1909 Matte Proof-65 \$5 gold piece, one of only 78 minted sold to a floor bidder in very sharp competition for \$17,000; it was lot 879. Lot 969 was perhaps the most eagerly awaited lot of the auction: a complete Pan-Pacific Set in MS-63 condition, with 50¢ AU. This highly popular numismatic rarity was claimed in spirited bidding on the floor for \$72,500. Although a brief sampling, this was typical of the material offered and the prices realized, many of which substantially exceeded early estimates.

With the NASC sale successfully concluded, Kagin's looks ahead to future events of importance on the auction calendar. We are accepting consignments for both the Memphis Paper Money Show, which will be held in Memphis from June 18-20, the consignment deadline being March 21; and the Great Eastern Numismatic Association Sale (G.E.N.A.), which will be held in New York from September 24-27. The consignments cut-off for that show is July 4, 1981. As a reminder to potential consignors: neither consignments closing date is far off, especially for the Memphis show, widely regarded as *the* premier paper money show. Please feel free to contact us with any questions concerning consignment.

As a final note, we would like to thank all of our clients, consignors and bidders: the people who really make it happen. We at Kagin's seek your continuing trust and patronage.

OVER THE YEARS

Commentaries based on cataloging over 300 sales

Ingrid K. Smith, well known ANA authenticator is now a member of the Kagin "family". Her credentials are indeed impressive and we are proud and pleased to have such a distinguished numismatist as part of our organization.

Ingrid was born and educated in Frankfort, Germany. Having inherited from her father a great love for history and specifically world coins and currency, her career as a numismatist was a natural. After immigrating to Canada in 1956, Ingrid rose to Auction Manager for Charlton Numismatics, Ltd. in Toronto; utilizing her background and knowledge in the field, she wrote their auction sales catalogs until 1977. While in Toronto Ingrid became acutely aware of the dangers of counterfeit coins. In order to help stop the plague of numismatic counterfeits, she applied and was accepted by the German "Bundesbank" (Central Bank) to work with E. Balke in their counterfeit detection division.

Having furthered her numismatic education, specializing in counterfeit detection, she returned to the United States to join the ANA Certification Service headquartered in Colorado Springs. In ten short months there, she had certified over 20,000 coins!!

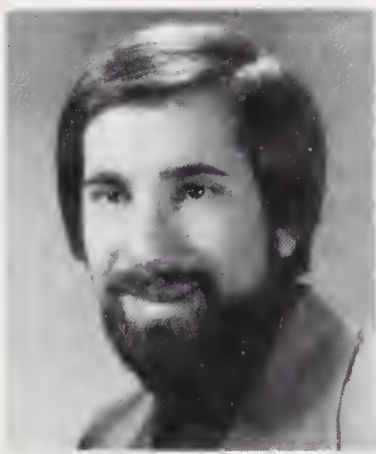

Ingrid's expertise as an authenticator of world coins and currency will prove invaluable to Kagin's over the years. She is extremely sensitive to those who have acquired numismatic items, but have limited knowledge about their authenticity, rarity, or value. In addition to her duties as consultant, Ingrid will continue to teach counterfeit and grading seminars.

We welcome Ingrid to our firm and her beneficial services will be reflected directly back to our clients. Please feel free to contact her regarding your numismatic interests.

GRADING STANDARDS

Coins Kagin's uses strict ANA grading standards in addition to Dr. Sheldon's for the lower grades (Fair-2 & Poor-1).

MS-70 (Perfect Uncirculated) - Once in a great while a perfect coin is sold.

MS-67 (Gem Uncirculated) - No bag marks, hairlines, or other evidence of handling or contact with other coins.

MS-65 (Choice Uncirculated) - Fully struck with only a bare minimum of minor abrasions.

MS-63 (Select Uncirculated) - Nicely struck with fewer than usual bag marks, nice luster.

MS-60 (Uncirculated) - Strictly uncirculated with no evidence of wear, only a moderate number of bag marks on surfaces.

AU-55 (Choice About Uncirculated) - Bare traces of friction at the highest points.

AU-50 (About Uncirculated) - Traces of wear on many of the highest points.

EF-45 (Choice Extremely Fine) - Light overall wear on highest points, all design details very sharp.

EF-40 (Extremely Fine) - Slightly more wear than EF-45, still with excellent overall sharpness.

VF-30 (Choice Very Fine) - Light even wear on the surface, design details on the highest points lightly worn, sharp lettering and major features.

VF-20 (Very Fine) - As preceding, but with moderate wear on highest parts.

F-12 (Fine) - Moderate to considerable even wear.

VG-8 (Very Good) - Well worn, most fine details worn nearly smooth.

G-4 (Good) - Heavily worn, major designs visible, but with faintness in areas, without center detail.

AG-3 (About Good) - Very heavily worn with portions of lettering, date, and legends being worn smooth, date barely readable.

Fair-2 - Showing very little detail.

Poor-1 - Barely recognizable as to type.

Currency

Superb Gem CU (Superb Gem Crisp Uncirculated) - A flawless note. Perfectly centered with sharp corners. Full brightness and absolutely no handling or other impairments. Wider than usual margins.

Gem CU (Gem Crisp Uncirculated) - Bright and well centered. Full original crispness with no handling or aging. A virtually flawless note.

Choice CU (Choice Crisp Uncirculated) - Flawless appearance. Close examination might reveal teller handling, minute pinholes, or very light aging. A note with an excess of the above-mentioned defects would not be considered Choice.

CU (Crisp Uncirculated) - No folds or corner creases. May have obvious aging, rounded corners, handling marks, pinholes, or other flaws that indicate mishandling. A note that does not retain full crispness or appears starched should be examined for processed or pressed-out folds.

AU (About Uncirculated) - The criteria for this grade is basically the same as for Uncirculated but a note may have a single fold or several small corner creases.

EF (Extremely Fine) - Two or three creases evident. The note should be bright and retain nearly full crispness.

VF (Very Fine) - Notes in this grade show obvious use. May have several folds and have started to lose some of its original crispness. Light soiling due to normal handling is accepted. Heavy soiling and excessive handling or loss of crispness is not acceptable in this grade.

F (Fine) - Very little original crispness evident. It should still exhibit its original brightness but will show much handling and soiling.

VG (Very Good) - May be soiled and well worn. All engraved features clear and complete. Margins must be intact.
show much handling and soiling

G (Good) - Heavily soiled with no original color or body. May have frayed margins and small tears. Engraved features will be visible but not bold.

HOW TO BID

What to Bid On:

As you read through the catalog for the first time, record the numbers of all the lots you are interested in on a worksheet. If you are interested in specific types of coins, be sure to check the catalog index.

How Much To Bid:

The price you bid is determined by you. You must remember the value that you place on the coins. Check the descriptions in the catalog and decide what you are willing to pay. You should bid generously on the lots you strongly wish to obtain. If there are some lots you would like to have 'if the price is right', then you may want to place nominal bids on those lots. Because a number of collectors choose to bid on many lots, the number of successful bids will be relatively small. This is controlled by a very active market. **You can safely extend your bidding** (and take advantage of a 'bargain') by placing a dollar total limit on your bids. Should your total be reached before all your bids are executed, we will then terminate your bidding.

Remember that your bids are limits. It is possible, and quite often does occur, that you will succeed in purchasing a lot for less than your bid since we start the floor bidding at about 5-10% above the second highest mail bid. Example: You bid \$500.00 on the lot and the next highest mail bid is \$400.00; we start the lot bid at \$425.00. If there are no bids from the floor, you will then be awarded the lot at \$425.00 - or if the floor bidding stops at perhaps \$450.00 or \$475.00 then you will receive the lot at a small advance above the top floor bid. If bidding continues above the \$500.00, then that floor bidder will be awarded the lot.

How to Fill Out the Bid Sheet

On the Bid Sheet you will observe that there are two different column headings: Lot and Bid. When you decide on which lots you want to bid, enter the lot numbers under the proper column and the maximum amounts you are willing to pay for those lots in the proper column.

LOT	BID	LOT	BID
482	550.00		
517	900.00		
614	130.00		

If you have circled one of the increase percentages, you will be allowing us to increase your maximum bid in order to obtain the lot which is going for more than you had anticipated. We will buy the lots for you as low as possible as outlined in the TERMS OF THE SALE.

REGARDING PNG CERTIFICATION

KAGIN'S IS PROVIDING COMPLETE PROFESSIONAL NUMISMATIC GUILD CERTIFICATION OF YOUR RARE AND UNUSUAL COINS. We at Kagin's think that this certification service is beneficial in assuring the authenticity of the coins you purchase. This certification service guarantees you the genuineness of the material handled in a Kagin's Auction. **FOR ALL OF THE COINS FEATURED WITH PHOTOGRAPHIC REPRODUCTIONS ABOVE THEIR RESPECTIVE LOT DESCRIPTIONS WE WILL FURNISH ON REQUEST A PNG CERTIFICATE.** We are pleased to provide this service for our customers at no extra charge.

A professional PNG Member examines and when necessary will conduct non-destructive tests on numismatic material submitted for certification. The results of these tests are then furnished to the person submitting the item along with a statement of PNG opinion concerning the authenticity of the coin.

All coins that are determined to be genuine, are then issued a certificate of registration. This certificate records an identifying code number, a statement of authenticity and documented photographs.

Kagin's is the **only auction company** that offers this PNG service for all the major coins featured in auctions. This is a valuable benefit that Kagin's is able to offer you. It protects the collector and the consignor. You will be able to take advantage of this essential service when you consign your coins to a Kagin's auction.

432. 1834 O-107, Lg. Date, Sm. Let., Select MS-63, Lustrous satiny surfaces with lt. bluish golden tone (some faint porosity). Sharper than most, only some softness in striking on top curl and eagle's left wing. Should realize over 1,500.

Bust Half Dollars — Reeded Edge

433. 1837 50 CENTS, Choice AU-55, Attractive sea-green peripheral toning. Clasp, curl above clasp and eagle's neck feather detail trifle weak. Only barest trace of rubbing on high points. *Scarce two year only type.*
434. 1837 "50 CENTS", EF-40, Good detail, lt. edge nick. Popular two year only type.

435. 1837 "BROAD MILL" (31 mm diameter) fine over heavy (wide) reeding. MS-60, sharply struck, light marks. Lovely antique gold and rose. Listed by Scott as "R8" without any price!

Liberty Seated Half Dollars

AVOID ERRORS — Recheck your Bid Sheet carefully!

1848 Half Dollar "Presentation Piece"

437. 1848 Recut 18, **CHOICE MS-65!** Exquisite frosty *CAMEO-SHARP STRIKE*, *MIRROR PROOFLIKE* with shades of silver-blue toning. A remarkable specimen with full stars and devices and minimal surface contact marks. Scott states "*Very rare and underrated in all grades, VERY RARE IN UNC.*" and valued Unc. at close to double that for other "commoner" dates. The sharpness of striking and surfaces raises the strong possibility of it being a "*PRESENTATION PIECE.*" We could use a number of desirable superlatives to describe this incredible specimen but we believe the knowledgeable collector will recognize its rarity and bid accordingly.
438. 1850-O MS-60, Attractive cameo-frosty appearance, hints of semi-p.l. luster. Unfortunate field marks and abrasions.

439. 1852 Very Select MS-64 **CHOICE-65!** Brilliant golden *SUPERBLY STRUCK* with incredible and meticulous sharpness of detail throughout! A few minute contact marks and surface spots noted on obverse; the reverse virtually mark free! By far the *LOWEST COINAGE* of all dates in the 1850's! As a result of the silver exceeding face value very few of the (77,170 mintage) were placed in circulation. The great majority were melted at the mint in June 1853 for silver value. Surely with the continuing demand for "top grade" material this lovely specimen should realize a strong four figure bid.
440. 1853 ARR. & RAYS, Sharpness of AU-50, Devices clear and well defined. Lightly "whizzed" to enhance brilliance. *Scarce one year type.*
441. 1857-S AU-55, Attractive sea-green, blue and purple with only "touch" of friction on very high spots, tiny bagmarks. Unusually well struck for this "S" mint. Medium "S" much rarer than usual large "S".
442. 1857 L.S., Sharpness of VF (planchet roughness & die clashing); 38-D L.W., Sharp F-15. Lot 2.

443. 1858-S Medium S (scarcest of Lg., Med., Sm. S) golden bluish toning. Originally described as MS-65 GEM, but close examination with glass reveals knee is not fully rounded and faint marks evident, but obscured by the lovely bluish toning. *RARE.* EX: CSNS 5/78 Sale. *ANACS enclosed.* Present adopted ANA grading standards a little more conservative.

1861-O Half Dollar "Presentation Piece"

444. 1861-O Select MS-63, Glittering *FULL MIRROR PROOFLIKE SURFACES* with exquisite golden "tangerine" toning! Raised edges both sides. Fewer than usual field marks and hairlines. A remarkable specimen, sharply struck throughout with exception of weakness of stars on obverse. Although it does not have the complete criteria of a "true" proof we feel it was perhaps struck as a "*PRESENTATION PIECE*". Popular as "Confederate" coin as most were struck after seizure of the mint by the Confederacy. An excellent opportunity for the half dollar specialist and should surely attract "spirited" bidding.
445. 1866-S No Motto, Sharp VG-10, Ltrs. *ER* of *LIBERTY* incomplete; 96-S Barber, 97-S AG-3, Nice clear dates but rev. legends nearly gone. "Key" dates. Lot 3.
446. 1866-S No Motto, G-4; 96-S(2) Barber, G-4, Sharp clear dates & mint marks. Lot 3.
447. 1869 AU-55, Well struck, attractive bluish golden toning. Only barest rubbing.
448. 1872-CC G-4, Clear sharp date & legends. *Scarce*.

449. 1873-CC Arr., MS-60, Well struck, bluish sea-green toning. Nice surface, only a few minute marks. *SCARCE* popular low mintage type.

450. 1877-S NO DRAPERY, MS-66! Brilliant slightly golden, *sharp struck*! Close inspection with glass reveals a few faint micro marks but nothing of any major significance. *ANACS enclosed*.
451. 1877-S Sharp EF-45, Golden, traces of luster. Nice detail.

Judd (appendix A, page 230) lists "Ex-Brand, Cohen, Mickley, 1976 ANA Sale \$750." Scott lists it EP131 (page 211) Experimental piece, ex Ford, Col. Cohen. *UNIQUE. UNLISTED BLANK PLANCHET SIMILAR TO ABOVE* without Roman I, *BRILLIANT UNC*. Not in Judd or Scott, therefore presumably *UNIQUE!*

928. 1¢ 1850 J-119, Billon, P.E., MS-60, Nice luster & toning. Perforated type, die breaks obverse. R-6. 8/80 ANA Sale realized \$750; this worth ?

929. 1¢ 1853 J-140, Experimental, German silver, Select Proof-63, Nice surface & color, a few tiny carbon flecks. R-6. Obverse Head of Liberty, thirteen stars. (Regular die for quarter eagle)/reverse *ONE CENT* in olive wreath. The somewhat superior 3/80 Garrett specimen realized \$3,250; this worth ?

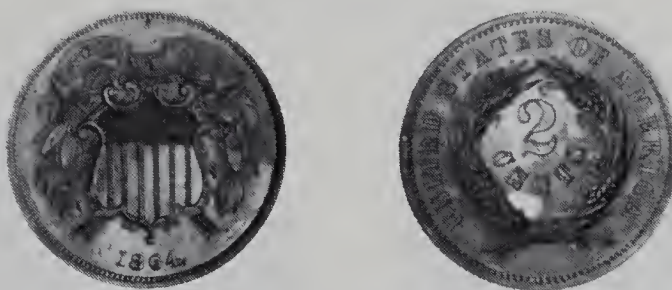

930. 1¢ 1859 J-228, Copper-Nickel, P.E., Select MS-63, Original toning & color. Obverse regular die/reverse narrow shield as adopted in 1860. The 8/80 ANA Sale realized \$900; this worth ?

932. 1¢ 1863 J-299A, Copper, UNC-60, toned bluish brown. Rare thick (same thickness copper-nickel) planchet.

933. 2¢ 1864 J-366, Bronze, **CHOICE GLITTERING RAINBOW PROOF-63**, **REGULAR SMALL MOTTO DIE** with more curved *CENTS* rev. die. **R-7! UNPRICED IN JUDD!!** The last record we could find was lot 543 of 1977 ANA sale where it fetched \$2,500; could this be that specimen? In strong demand to place in the regular Proof Two-Cent Set *as the normal dies would probably bring around \$15,000 or so, if they were available!!*

934. 3¢ 1869 J-676, Nickel, **P.E., PROOF-60**, Subdued grayish surfaces, a few lt. carbon flecks. R-4. Larger (19 mm), but similar to regular issue 3¢ Nickels. The somewhat superior 3/80 Garrett specimen realized \$3,250; this worth ?

936. 5¢ 1866 J-482, Copper, **P.E., PROOF-60**, golden, cleaned but now toned, bust Washington. **RARITY 8! UNPRICED IN JUDD - NO RECORDS LISTED!** Acquired 1974 at \$1,500; surely with the current strong demand for patterns this rarity should realize considerably more.

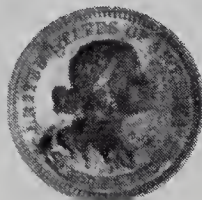

937. 5¢ 1896 J-1772, Aluminum, **P.E., PROOF-60**, Mostly clear surface, some scattered corrosion spots. R-6. Obverse shield crossed by scroll/reverse 5 *CENTS* in wreath. The *Proof-60* ANA specimen realized \$850; this worth ?

Unique 1832 U.S. 50¢ Struck on Brazil 80 Reis Copper U.S. Mint Set-Up Piece

941. **UNIQUE 1832 50¢ STRUCK ON BRAZIL COIN** discovered by Don Taxay (author of Scott Cat.) and resold at 1977 ANA Sale described as follows: "From 11/74 sale (lot 1864) described: Ex Don Taxay, as '1832 Bust Half Dollar struck on Brazil 80 reis copper. Should now realize over \$5,000.'" Listed in Scott's Comprehensive Catalogue as "UNIQUE". A "Set-Up" piece used to set-up and align the dies before commencing regular striking. Tiny but not very deep puncture at center and 3 serrated marks at right edge (to hold and align dies?). A most unusual and historical piece. Highly desirable.

Please Note!

We are introducing a minimal 5% buyers charge which will be added to the total amount bid successfully.

50¢ Patterns

942. 50¢ 1859 J-237, Silver, **CHOICE PROOF-65!** Lovely deep lavender toning with flashes of gold throughout periphery on both sides. Reverse type with *HALF DOLLAR* within "cereal wreath". A *Proof-60* pattern from the 8/80 ANA Sale brought \$1,250; surely this far superior specimen should realize considerably more.

943. 50¢ 1862 J-294, Copper, R.E., **PROOF-60**, Toned with some spotting in field. R-4.

944. 50¢ 1863 J-338, Silver, R.E., **Select PROOF-63**, lightly cleaned, regular dies, but with *GOD OUR TRUST* added. R-6.

Unlisted 1865 Type 1866 Transitional “Motto” Dollar

946. \$1 1865 J-434a?, *Similar to J-434 but SILVER-PLATED COPPER*. At first we thought this to be silver but careful checking of its weight leads us to conclude that it is silver-plated copper. Both Judd and Scott list only silver, copper and aluminum. This should be listed as a *NEW VARIETY* (presumably *UNIQUE*). It is quite deceptive and without checking its weight it would no doubt be attributed to J-434. Brilliant golden Wire Edge Proof, tiny spot and some gray toning at left obverse but reverse is lovely. Ex: 8/77 ANA Sale at \$5,000; since then the market has doubled and tripled, especially among many of the excessively rare specimens.

\$1 “1870-CC” Blank Copper Planchet

947. \$1 **SIZE COPPER PLANCHET, REEDED EDGE**, engine turned obverse and reverse. Acquired as “*STRUCK AT CARSON CITY MINT IN 1870 BEFORE REGULAR COINAGE*”. Realized \$3,500 7/79 MWWA Sale; surely now this intriguing and *UNIQUE* specimen should realize substantially more.

1876 “Sailor Head” Pattern Dollar

948. \$1 1876 J-1465, Copper, Reeded Edge, Barber’s “Sailor Head”, undraped, pearls on Diadem, with stars. Reverse “*UNITED STATES OF AMERICA & E PLURIBUS UNUM*” around wreath containing “*ONE DOLLAR*”. **PROOF-60**, lovely walnut brown with flashes of sea-green iridescence. *Judd states R-8!! Only 3 specimens said to be struck!* Certainly among the “*MOST WANTED*” *PATTERNS* in the past several years. Popular **CENTENNIAL** year coinage similar to the J-1463 Garrett Sale specimen (J-1465 not in collection) which realized (March, 1980) \$18,000.

949. \$1 1879 J-1617, "Metric Dollar," *ORIGINAL* struck in metric alloy, composition of *SILVER-GOLD-COPPER* indicated on rev., F/VF. Popular. Acquired over two years ago at \$1,500; present value ?

Rare 1915 Pan-Pacific
Gold Set Complete*

Rare 1915 Pan-Pacific Gold Set Complete

969. **1915 PANAMA PACIFIC COMPLETE SET** consisting of \$50 Octagon, \$50 Round, \$2½, \$1 Gold; and 50¢ silver, mounted in attractive white plastic holder. **Select Brilliant Uncirculated** with exception of 50¢ silver which is **AU** (*cleaned and has unfortunate lt. surface scratches obverse and reverse*). Nevertheless, **FAR SUPERIOR** to most we have seen over the years with few of the usual handling marks so prevalent among many \$50 pieces. **VERY RARE** and in great demand. Should surely realize a strong six figure bid.

It is interesting to note that these are the only \$50 gold pieces minted for the public by the U.S. Government. They were struck to commemorate the opening of the Panama Canal, in honor of which occasion the Pan-Pacific Exposition was held in San Francisco in 1915.

In January 1915, Congress approved minting 3,000 \$50 pieces; half round and half octagonal (similar to U.S. contract coinage of 1851 Augustus Humbert and 1852 U.S. Assay Office during gold rush days). Also authorized was the minting of commemorative 50¢ silver, \$1 and \$2½ gold.

Some \$50 octagonal coins were struck at the fairgrounds on June 15, 1915 with full dress ceremonies. Since the equipment at the San Francisco Mint was not capable of striking \$50 coins, a special hydraulic press weighing 14 tons was brought in from Philadelphia for the occasion.

In spite of the limited number struck, only 483 round and 645 octagon were sold in 1915. The remainder went back to the "melting pot" as result of supply far exceeding demand! *Complete sets including the 3 smaller coins were offered at \$200 and complete double sets at only \$400!!*
